

# Training Overseas and Internship Program for Doctoral Students from Kanazawa University

Universitas Gadjah Mada (UGM)

## Program Overview

Universitas Gadjah Mada Proudly opens the registration for an Training overseas and internship program, especially meant for Doctoral students from Kanazawa University. During the program, should enrich the research experience and deepen the academic collaboration between the two universities. This has been part of Gadjah Mada University (UGM) policy, which encompasses nurturing scientific development founded on international collaboration and providing the opportunity for doctoral students to develop fresh insights and practical experience that match their research projects.

## Program Dates

- July 28 - August 31, 2023

## Program Objectives

This training and internship would be purpose to enhance the research capabilities of the doctoral students in cooperation with UGM researchers and to further advance the exchange of knowledge and experiences between the two universities. This program would afford participants the opportunity to engage in research projects within their areas of study, guided by experienced mentors from among the faculty and researchers at UGM, and in a state-of-the-art laboratory environment.

## Program Activities

1. **Collaborative Research:** Students will take part in a collaborative study organized and led by Gadjah Mada University. The fields of researcher range from health sciences to engineering, biotechnology, environmental science, among many others.

2. **Capacity Building:** Participants will be attending regular workshops and seminars related to increasing their research methodology, data analysis, and academic presentation techniques skills.
3. **Cultural Exchange:** Students will be allowed to immerse themselves in Indonesian culture and values through cultural activities with UGM.
4. **Guidance and Evaluation:** There will be mentorships by each faculty member from UGM and Kanazawa University. Progress will be regularly evaluated to see the attainment of learning outcomes.

## Application Requirements

- Must be an active doctoral student at Kanazawa University.
- Prepare a research proposal relevant for the study programs opened in UGM
- The students must obtain an approval from an academic supervisor at Kanazawa University.

## How to Apply

It opens onto the official website of Universitas Gadjah Mada, where applicants are supposed to fill out the application form and upload their research proposal and other supporting documents.
